

2015 Festival Of Sail San Diego Maritime Museum special event:

The Club will be working during the Festival Of Sail, Sept 4-7.

This is an event where visiting Tall Ships parade into town on Friday, Sept 4, then are open to public on Sept 5-7.

The Star of India club is NS6OI. They will be working from the sailing ship Star of India, the former USS Dolphin submarine, and possibly a former Soviet "Foxtrot" submarine.

Times are from 0900-1600 on Saturday through Monday.

Frequencies are not set yet, but they usually work 20M and 40M bands.

I can send more info as I receive it.

Feel free to pass this on to other hams, and those on the Baja Net.

Thanks, Capt Rich

Barque Star of India
